Chinese Canadian National Council for Social Justice – Public Statement
June 18, 2020

CCNC-SJ Recognizes Montréal City Council’s Commitment to Addressing Systemic Racism and Calls on other Canadian Cities to Follow Suit

Chinese Canadian National Council for Social Justice (CCNC-SJ) commends the Montréal City Council for unanimously condemning Anti-Asian racism during the pandemic, and Mayor Plante’s commitment to implement the 38 recommendations made by Office de Consultation Publique de Montréal (OCPM) to eliminate systemic racism and discrimination.

CCNC-SJ congratulates the advocates and grassroots communities who successfully fought for the City’s commitment to address systemic racism.

Montréal is not an outlier. Systemic racism is found in every city across Canada.

Confronting and taking bold actions to combat systemic racism demonstrates a leader’s strengths and compassion. All Mayors in Canada should take immediate and concrete actions to work closely with the affected communities and address systemic racism in a comprehensive and inclusive manner.
