Re: Welcome Executive Director, Agnes Man!

Dear Partners and Friends,

The Board of Directors welcomes **Agnes Man** as the Executive Director of CCNC-SJ, effective June 6, 2022. Agnes brings with her a wealth of senior management experiences, including legislative and policy development skills, as well as fluency in Cantonese, and Mandarin. After finishing high school in Ontario, Agnes completed her undergraduate degree in Law at Hong Kong University. Called to the Bar as a solicitor in Hong Kong, Agnes has devoted her career to regulatory bodies, including helping to establish the Insurance Authority. For three years, she was the Director of Complaint Services at the Equal Opportunities Commission in Hong Kong, which has functions similar to the earlier version of the Ontario Human Rights Commission in investigating human rights complaints.

With great pleasure and excitement, CCNC-SJ looks forward to working closely with Agnes to lead the organization in our vision and mission to advocate, educate, and engage for social justice and equity.

Sincerely,

Amy Go
President
